- a) if above part number is a detail part, fields 22 to 25 are not applicable and may be left blank unless the detail part utilizes another detail part as base material for which a detail part FAI already exists. In this instance fill in 22 to 25 for the base part and complete the FAI as a partial FAI
- b) if above part number is an assembly, fill in fields 22-25 identifying the approved FAI record references for the constituent detail parts as per the bill of material. Standard catalogue parts may be omitted, or designated as "N/A" in field 25.

INDEX of part numbers or sub-assembly numbers required to make the assembly noted above.
